

## OUTLINE OF BIBLE STUDIES

This outline is shared with the hope that it will give creative ideas for personal and/or small group Bible study. It also provides specific issues on which to concentrate as you read the Word, and thus help you to read with a purpose. Some prefer to read through all the Scriptures while searching for all of these truths at once. Others find it helpful to concentrate on one specific truth at a time, and make an in-depth study of each truth before going on to the next. You are encouraged to keep notes or write in the margin of your Bible as you study these. One reference for each truth is provided, to give you an idea of what is meant.
